KROD ENERGY RESOURCES LIMITED

KROD ENERGY RESOURCES LIMITED is a limited liability company incorporated under the law of the federal republic of Nigeria; we are an Engineering and oil & gas service provider in Nigeria and across other African countries. Our logistics entails strategic planning and coordination of the fundamental drivers of performance necessary to achieve the desired level of service and quality which is critical to the economic growth of an organization. We cultivate close, reliable alliance with forwarders globally in both the Transportation, Loading/offloading of items which ensure continuous control of goods flow and availability of capacity in meeting the demands of the market.

OUR MISSION

“....is to alleviate the plight of technically sound Nigerians to the world by partaking in various engineering works to completion at the scheduled time without compromising required standards either nationally or internationally”.

OUR VISION

“....is to be one of the world most renowned oil servicing Company in the nearest possible time”.

OUR STRATEGY

“...is using well informed leadership capable of Thinking and acting in the present while developing, Planning and facilitating the change required for the Future”.

Official Address: Plot 40, Trans-Amadi, PH. Tel: +234 –8056141186; 08066265649.

KROD ENERGY RESOURCES LIMITED

KROD ENERGY RESOURCES LIMITED is a logistics management and Engineering Company, offering its clients a personalized service with dedicated service for all their logistics requirements.

The company has a passion for service delivery and its strength lies in its people, partnerships, state-of-the-art facilities and business location, as well as its vast experience in the freight management and supply chain industry. This combination has resulted in CESL becoming a reliable company in the logistics scene

We are a major leader in trusted Logistics solutions. As a multi-service provider, we offer a full range of services that include 3PL, 4PL, line haul, multi-modal specific services, primary and secondary transport. As a successful 4PL provider, we help our customers manage a critical part of their supply chain by providing visibility and integration across multiple enterprises. Through our high tech track and trace systems, we keep a close eye on cargo and when it comes to cross-border transportation; our global footprint gives customers the edge. We also offer bulk value added solutions and dedicated contract transportation, and operate national and international truckloads (TL) and less-than-truckloads (LTL) via road.
